

MS. ASHIKIN ALI

**Data Scientist &
Researcher**

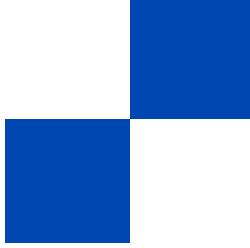

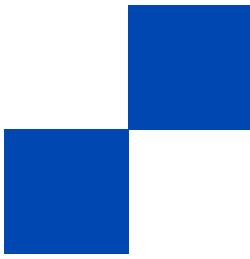

**Ms. Ashikin Ali is an accomplished
educator, data scientist, researcher, and
lecturer at the esteemed Universiti Tunku
Abdul Rahman (UTAR) in Malaysia.**

**Her academic and research interests lie in
machine learning, deep learning, and
multi-class classification problems.**

-
-
-
-

She has authored several publications on neural networks, video content classification, and AI-powered data mining techniques, contributing significantly to the field of intelligent systems.

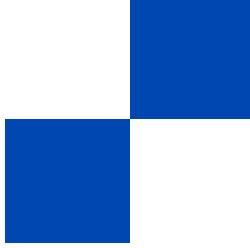

Her areas of expertise include:

- **Machine Learning**
- **Artificial Neural Networks (Deep Learning)**
- **Big Data & Data Mining**
- **Time Series Prediction**
- **Violent Content Detection & Classification**

**We're excited to welcome Ms. Ashikin to the
NSDABIE 1st International Annual Conference.**

**Her expertise promises a session filled with
impactful insights and forward-thinking
conversations.**
